Solutions for small networks

66.00 лв

High-Performance 8-port Fast Ethernet Switch

- 8x 10/100 Mbps RJ-45 ports;
- N-Way Auto Negotiation and Flow Control for any port;
- Built-in Automatic MDI/MDIX function;
- 8K MAC address entry table with self learning and table aging;
- 2048 KB RAM buffer;
- 148800 pps packet filtering rate

152.00 лв

16-port Unmanageable Fast Ethernet Switch

- 16x 10/100 Mbps RJ-45 ports;
- Auto Negotiation for speed and duplex modes for each port;
- Wire speed reception & transmission;
- Automatic MDI/MDIX function;
- Store-and-Forward switching method;
- Broadcast storm protection;
- 4 Mbits of RAM for data buffering

165.40 лв

240.35 лв

19" Rack-mount 16-port Fast Ethernet Switch

- Standard 19" Rack-mount design;
- Auto Negotiation for speed and duplex modes for each port;
- Automatic MDI/MDIX function;
- IEEE802.3x full-duplex flow control;
- Back Pressure half-duplex flow control;
- Broadcast storm protection;
- 8K MAC address entry table

19" Rack-mount 24-port Fast Ethernet Switch

- 24x 10/100 Mbps RJ-45 ports;
- 2.5MB data RAM buffering;
- Automatic MDI/MDIX function;
- IEEE802.3x full-duplex flow control;
- Back Pressure half-duplex flow control;
- Broadcast storm protection;
- 8K MAC address entry table;
- Wire speed reception & transmission
