

# iiyama

<http://www.iiyama-bg.com>

Новите 17" ProLite LCD дисплеи на iiyama осигуряват неповторимо съчетание от стилизиран дизайн, безкомпромисно качество и ергономичност. Получавате обширно работно пространство и подобрени мултимедийни показатели - изключително кратки времена за реакция, широки ъгли на видимост, гама-корекция, sRGB режим... ProLite са еднакво подходящи за офис потребители, професионалисти и домашни PC манияци. Коледа приближава...
